

IDEAL FOR URBAN MOBILITY

Cinturato™ P1 VERDE

Cinturato P1 offers good control in both dry and wet conditions while assuring a comfortable driving experience.

The new materials and innovative compounds, together with aerodynamic sidewalls and low weight have allowed a reduction of rolling resistance, especially in urban situations.

CAR - SUMMER - URBAN

1 HYBRID MATERIALS AND INNOVATIVE TREAD PATTERN DESIGN

Relaxed and comfortable driving experience.

2 OPTIMIZED TREAD DESIGN WITH SPECIFIC PITCH SEQUENCE

Outstanding safety and control in potential aquaplaning situations.

3 TENSION CONTROL AND NEW MOULD PROFILE

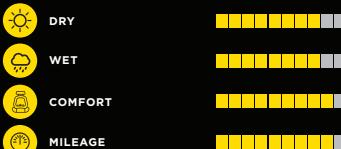

Steering response and cornering control.

4 NEW MATERIALS AND INNOVATIVE COMPOUNDS, AERODYNAMIC SIDEWALLS AND LOWER WEIGHT

Even wear.

PERFORMANCE

ABOUT US

The Pirelli brand is an international icon standing for technology, tastefulness and Italian excellence. Pirelli was founded in Milan in 1872 and today stands as a global brand known for its cutting edge technology, high-end production excellence and passion for innovation that draws heavily on its Italian roots.

In Bangladesh, Asian Automotive Ltd. is the sole distributor of Pirelli Tyres. With a view to serve the high value Tyre market, we started off with Tyres for motorcycles in 2019 & now we are offering Tyres for passenger Cars/SUVs as well.

INSIDE THE PIRELLI TECHNOLOGY

THREE INNOVATIVE TECHNOLOGIES FOR THE PRODUCT RANGE

RUN FLAT

RUN FLAT DRIVE WITHOUT PRESSURE

RUN FLAT tyres mean safety. They provide greater control of the car in emergency conditions and allow you to continue driving safely even during a rapid loss of inflation pressure.

PNCS

PNCS COMFORTABLE DRIVING

The PIRELLI NOISE CANCELLING SYSTEM (PNCS) is a technology able to reduce the noise inside the vehicle thanks to a sound absorbing device applied to the inside circumferential wall of the tyre, reducing noise by half.

SEAL INSIDE

SEAL INSIDE PUNCTURE PROOF

SEAL INSIDE is a new tyre construction technology that allows to drive on without losing air pressure even after the tyre has been punctured by an external object, covering almost 85% of the possible accidental causes of pressure loss.*

POWER IS NOTHING WITHOUT CONTROL

SAFETY AND RESPECT OF ENVIRONMENT

Cinturato™ P7™

Pirelli's first 'Green Performance' tyre, CINTURATO™ P7™ is a perfect combination of low rolling resistance, plastic and acoustic comfort and good mileage. This is made possible by advanced compounds, a specific structure and tread pattern design. This also guarantees excellent braking and handling performances.

CAR — SUMMER — TOURING

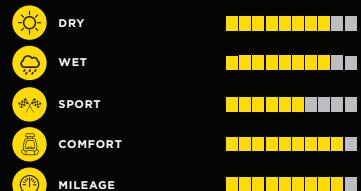

1 OPTIMISED TREAD DESIGN WITH SPECIFIC PITCH SEQUENCE
Relaxed and comfortable driving experience.

2 FOUR WIDE LONGITUDINAL GROOVES
Outstanding safety and control in potential aquaplaning situations.

3 COMPACT CENTRAL BLOCKS AND ROBUST EXTERNAL AREA
Steering response and cornering control.

4 INNOVATIVE AND ADVANCED HYBRID MATERIAL
Even tread wear thanks to balanced pressure distribution.

PERFORMANCE

Boundless COMFORT & CONTROL

SCORPION VERDE™ ALL SEASON

Scorpion Verde™ All Season is Pirelli's Green Performance Crossover & SUV tyre that takes full advantage of the most modern resources, structures and tread patterns to guarantee savings, respect for the environment, comfort and safety on all road surfaces. The lateral stability and the traction on wet and light snow ensure all season performances. Scorpion Verde™ All Season features the M+S marking engraved on the sidewall.

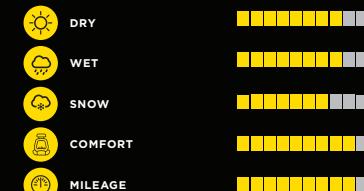

SUV — ALL SEASON — TOURING

1 OPTIMISED PITCH SEQUENCE AND PHASING
Lower internal noise.

2 LARGE CONTACT PATCH AND FOUR LONGITUDINAL GROOVES
Safety in wet.

3 LONGITUDINAL SIPING AND HIGH LATERAL SIPING DENSITY
All Season performance.

PERFORMANCE

WHY CHOOSE PIRELLI

Pioneering innovation to stay ahead of the game. This is the philosophy that has taken Pirelli to the forefront of the industry on a global scale. Founded in 1872, Pirelli represents a key industry reference for innovation. 40 years of experience in the Premium segment for a global leadership in product technology has resulted in:

- Solid partnership with major car manufacturers for original equipment supply
- Seasoned experience in motorsport
- Leadership in innovative and green materials
- State-of-the-art tire technology
- Development of flexible and efficient manufacturing processes
- Considerable investments in Research & Development

- 6 MONTHS REPLACEMENT WARRANTY**
- ONLINE WARRANTY REGISTRATION FACILITY**
